## FLOATING SASH OPTION

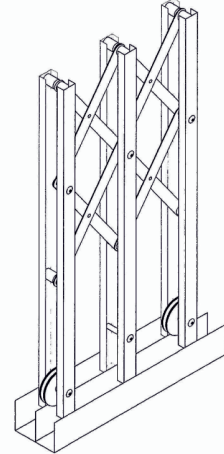

Both the 1000 & 1001 xcan be supplied as a floating sash with locking both sides of the assembly, the gates are able to bunch to either side of the opening. The design facilitates easy cleaning of the windows and can improve flexibility of access.

## FIXED SASH OPTION

Both the 1000 & 1001 can be supplied as a fixed sash when retraction is not a requirement. This is often used as an alternative to fixed bars.

## BOTTOM RUNNING OPTION

The 1000 can be supplied as a bottom running version for applications where suitable fixing points are not available at the top of the installation or for very heavy gates.

## STANDARD COLOUR OPTIONS

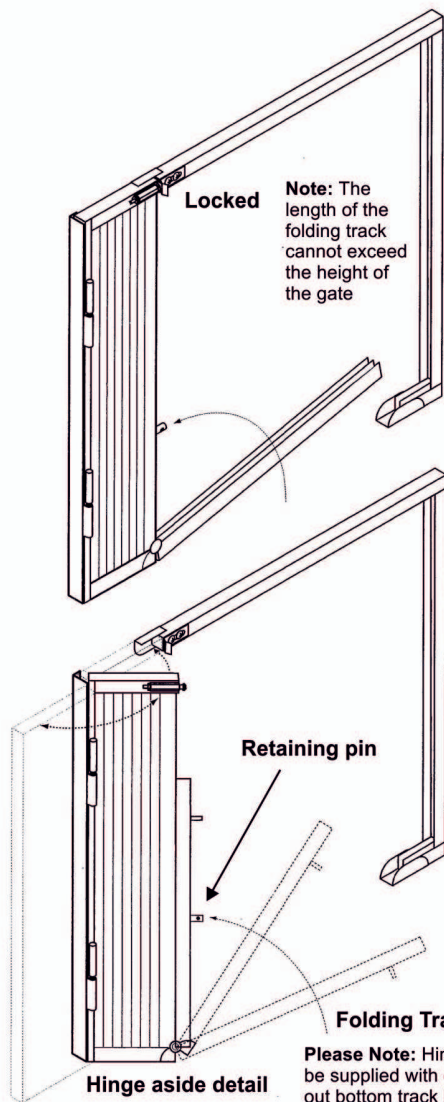

Please note: The colours illustrated on this page are intended as a guide only. Reference should be made to an appropriate RAL or BS chart prior to ordering. Other RAL or BS colours are available, please ask for details.

We offer the following colours in Satin unless otherwise stated.
